1st UAE International Meeting on Diagnosis and Treatment of the Neurogenic Bladder in Children and Adolescents

ABU DHABI, 7-8 March 2009

Venue: Beach Rotana Hotel

For general inquiries

rpesarillo@skmc.gov.ae

For scientific inquiries

mpatricolo@skmc.gov.ae

Dmorgan@skmc.gov.ae

1st UAE ICCS Basic Course on Incontinence In Children and Adolescents.

ABU DHABI, 6 March 2009

Venue: Sheikh Khalifa Medical City
Behavioral Science Pavilion (BSP) Auditorium
ABU DHABI, UAE

CME accreditation has been approved
(6 March 8 Hours - 7+8 March 15 Hours)

managed by

**Cleveland
Clinic**

Honorary Committee:

- Dr S. Strong (CEO, SKMC, Abu Dhabi, UAE)
- Dr. A. Mehta (Chief Medical Officer)
- Dr W.A. Al Mahmeed (Deputy CMO)
- Dr M. Bussieres (Consultant ENT, Chairman of Dept. of Surgery, SKMC, Abu Dhabi, UAE)
- SEHA Representative

Organizing Committee of International Meeting:

- Dr M. Patricolo (Consultant Pediatric Surgeon, SKMC, Abu Dhabi, UAE)
- Dr S. Abd Elsalam (Specialist Pediatric Surgeon, SKMC, Abu Dhabi, UAE)
- Dr S. Khan (House Officer Pediatric Surgeon, SKMC, Abu Dhabi, UAE)
- Miss H. Beichert (Specialist Nurse Urology / Urodynamic, SKMC, UAE)

managed by

Scientific Committee:

- Dr M. Patricolo (Consultant Pediatric Surgeon SKMC, Abu Dhabi, UAE)
- Dr D. Morgan (Consultant and Head of Urology, SKMC, Abu Dhabi, UAE)
- Dr I. El Shihaby (Consultant and Head of Pediatric Nephrology, SKMC, Abu Dhabi, UAE)
- Dr A.K. Saleh (Consultant and Head of Nephrology, SKMC, Abu Dhabi, UAE)
- Dr D. Venne (Consultant and Head of Neurosurgery, SKMC, Abu Dhabi, UAE)
- Dr M.R..Letts (Consultant Orthopedist, SKMC, Abu Dhabi, UAE)
- Dr S. Asim Wasti (Head of the Division of Rehabilitation Medicine)
- Dr W. Fathalla (Consultant Pediatric Neurologist, SKMC, UAE)
- Dr K. Mohmed (Consultant Pediatric Neurologist, SKMC, UAE).
- Dr M. Ziani (Consultant Urologist, SKMC, Abu Dhabi, UAE)
- Dr. P. Lange (Consultant and Chair of Dept. Radiology, Abu Dhabi, UAE)

Organizing Committee of ICCS Course:

- Dr. M. De Gennaro (Rome, ITALY)
- Dr. T. Neveus (Uppsala, Sweden)
- Dr. T. Khoury (Orange, CA, USA)
- Ms. J. Chase (Australia)
- Dr. M. Patricolo (Abu Dhabi, UAE)
- Dr. D. Morgan (Abu Dhabi, UAE)

Invitation Letter

Dear Friends and Colleagues,

On Behalf of SEHA and of Sheikh Khalifa Medical City, it is a great pleasure and honor for us, to invite you to participate to the **1st International Meeting on Diagnosis and Treatment of The Neurogenic Bladder in Children and Adolescents**, which will be held in Abu Dhabi, from the 7th to the 8th of March, 2009.

We have gathered an excellent Invited Faculty of International Experts in urinary continence, in children and adolescents affected by neurogenic bladder. They will present their advanced knowledge ,sharing with you their outstanding experiences. The Scientific Committee is also represented by experienced and Internationally Trained Specialists, in the management and treatment of the neuropathic patient.

What we will offer you, is updated and worldwide standardized information on how the neurogenic bladder is managed today.

The profile of this Meeting includes lectures on specific urologic, pediatric, nephrologic, neurosurgical , orthopedic, rehabilitation, nursing and physiotherapy subjects, round tables, during which the Experts will present their work and discuss it with the audience, and, last but not least, a large space will be devoted to free oral presentations and free papers.

The Global Conference will also include two monothematic workshops. The workshop on clean intermittent catheterization (CIC), on the 1st day of the meeting, will provide a global perspective and update regarding this fundamental tool in the management of the neurogenic bladder.

The workshop on the different applications of botulin toxin A in the treatment of spasticity and also of urinary continence, will provide an international, up to date perspective, on the subject, discussed by the Experts.

Invitation Letter

Abstracts on urologic, pediatric urologic, rehabilitation medicine nursing and physiotherapy subjects related to the neurogenic bladder, will be welcome.

A prize will be awarded for the best free oral presentation.

This Meeting is directed to Urologists and Pediatric Urologists, Pediatric Surgeons and Pediatricians, Rehabilitation Physicians, GP's, Nurses and Physiotherapist, ultimately to anyone who is interested and involved in the active care of Neuropathic Patients with Urinary Incontinence.

Thanks to International Children continence society, (ICCS), the meeting will be preceded by a 1 day course on basic continence management in Children , on the 6th March 2009.

We are sure that you will enjoy the rich scientific program, the discussion with the Invited Faculty, but also the beautiful scenarios of Abu Dhabi and the friendly Emirate's life. The weather in March is warm and favors at least one trip to the beach or to one of the numerous beach clubs.

Looking forward to seeing you in Abu Dhabi,

THE ORGANIZING COMMITTEE

Invited Faculty

Prof. P. Abrams -Professor of Urology,
Bristol Urological Institute, Southmed Hospital, Bristol, UK.

Prof. D. Bloom - Head of Dept.
Urology, Pediatric Urology, University of Michigan, Ann Arbor, USA.

Dr. M. De Gennaro - Surgeon in Chief,
Pediatric Urology, Bambino Gesu' Hospital, Rome, ITALY*

Professor M. Ghoneim - Professor of Urology,
Mansoura University Hospital, Mansoura, Egypt

Dr T. Khoury - Chief of Pediatric Urology,
University of California Irvine, Orange, CA, USA

Mr I. Mustaq - Consultant Pediatric Urologist,
Great Ormond Street Hospital for Sick Children. London. UK

**Invited Faculty of the 1st International Meeting on
Diagnosis and Treatment of Urinary Continence in
Children and Adolescents**

Dr A. Wright - Consultant Paediatrician, Pediatric Neuro-Urology,
Evelina Children's Hospital, Guys&St.Thomas NHS Trust, London, UK

Dr A. Mathur – Consultant Pediatric Surgeon and Pediatric Urologist,
Norfolk and Norwich University Hospital, Norwich, Norfolk, UK

Dr T. Neveus – ICCS Board - Associate Professor, Consultant in Paediatric Nephrology University
Children's Hospital, Uppsala, Sweden

Ms J. Chase – ICCS Board - Murdoch Children's Research Institute,
Royal Children's Hospital, Australia

1st UAE - ICCS Basic Course on Continence in Children and Adolescents
Sheikh Khalifa Medical City
Behavioral Sciences Pavilion Auditorium
Abu Dhabi, UAE
6th March '09

This course is open to Medical Doctors, Nurses and Physiotherapist with an interest in the management of urinary incontinence in children and adolescents. Open to 100 participants only

Chairman: M. De Gennaro

7:45 – 8.00 am Registration

8:00 – 8.15 am Opening Ceremony: M. De Gennaro, T. Neveus, J. Chase, M. Patricolo

Session 1 from 8:15 to 10:30 AM - Moderators: M. Patricolo – S. Abd Elsalam & T. Neveus

8:15 – 9.00 am Anatomy & physiology of bladder and bowel in children (J. Chase)

9:00 – 10.00 am Etiology of lower urinary tract dysfunction (T. Khoury)

10.00 – 10.30 am Etiology of bowel dysfunction (T. Khoury)

10:30 – 11.00 am **Coffee Break**

Session 2 from 11:00 to 12:45 AM - Moderators: T Neveus – M. Ziani

11:00 – 11.45 am Assessment of the incontinent child (T. Neveus)

11:45 am – 12.45 pm What is Urotherapy?-Conservative management of incontinence (J. Chase)

12:45 pm **Lunch Break and Prayers**

Session 3 from 1:30 to 4:00 PM - Moderators D. Morgan – J. Chase – T.Khoury

1:30 – 2.15 pm Conservative management of bowel dysfunction (J.Chase)

2:15 – 3.00 pm Management of childhood incontinence and voiding symptoms (T. Neveus)

3:00 – 4:00 pm Pharmacotherapy and alarm treatment (T. Neveus)

4:00 – 4:15 pm Course Evaluation Forms

4:15 pm **Closing Ceremony**

managed by

**1st UAE International Meeting on Diagnosis and Treatment
of the Neurogenic Bladder in Children and Adolescents
7th – 8th March 2009
Beach Rotana Hotel, Abu Dhabi, UAE**

1ST DAY - Saturday the 7th of March 2009

8:00 to 8:30: Registration

8:30 Opening Ceremony

Dr S.Strong – Dr. Mehta - Dr M. Bussieres – Dr. W.A. Al Mahmeed - SEHA representative

Session 1 Moderator: M. Patricolo

08:45 Round Table: Neurogenic Bladder: Standardization of Terminology

P. Abrams – T. Khoury - A. Wright

09:30 Lecture: Pediatric Urodynamic in the Neurogenic Bladder

A. Wright

10:15 Coffee Break

Session 2 Moderator: A. Al Gohari

10:30 Lecture: Effect of Postural Spasticity on the Management of Incontinence

S.A. Wasti

11:00 Lecture: Non-invasive assessment of pelvic floor muscle function in children with continence problems

J. Chase

11:30 Lecture: Nephrologic Aspects Associated to the Neurogenic Bladder

S.Khan - I. Elshihaby

12:00 Lunch Break and Prayers

**1st UAE International Meeting on Diagnosis and Treatment
of the Neurogenic Bladder in Children and Adolescents
7th – 8th March 2009**

Beach Rotana Hotel, Abu Dhabi, United Arab Emirates

1ST DAY - Saturday the 7th of March 2009

Session 3 Moderator D.Morgan

13:30 Lecture: Neurologic Aspects
K. Mohmed - W. Fathalla

14:00 Lecture: Urodynamics in adolescents and Young Adults with Neurogenic Bladder
P. Abrams

14:30 Lecture: Spina Bifida – Different lesions, different approach. The balance between minimally invasive and invasive reconstructive surgery
D. Bloom

15:00 Lecture: Radiology in the Management of the Neurogenic Bladder in Children and Adolescents
A.Jain - P. Lange

15:30 Free Oral Presentations

Moderators: A. Algohari – H. Matta – G. Ionescu

10 minutes presentations:

1 A pathway for transitional care in adolescent patients with neuropathic bladder. A. Baird, C. Sanders. Royal Liverpool Children's Hospital NHS Foundation Trust, Liverpool, Mersyside, UK

2 Neurogenic bladder dysfunction inpatients with spina bifida – impact of early diagnostic and therapy.

T. Lehnert, H. Till, U. Rolle. University of Leipzig (Germany), Department of Pediatrics;
University of Frankfurt/Main (Germany), Department of Pediatric Surgery.

3 Perineal re-education therapy in neuropathic bladder.
S.N. Bhatnagar, P. Shenoy. BJ Wadia Hospital for Children, Parel, Mumbai, India.

4 Uroflowmetry as a primary investigatory tool for incontinent children: our initial experience.
N. Kumar, B. Fuller, M. Kulkarni AB Mathur. Norfolk and Norwich University Hospital NHS Trust, Norwich, UK.

**1st UAE International Meeting on Diagnosis and Treatment
of the Neurogenic Bladder in Children and Adolescents
7th – 8th March 2009**

Sheikh Khalifa Medical City, Abu Dhabi, United Arab Emirates

16:30 Workshop : Clean Intermittent Catheterization (CIC): A Global Perspective (100 participants).

Speakers: M. Patricolo – D. Morgan- M.Ziani - P. Abrams - D. Bloom –M. De Gennaro –I. Mushtaq - T. Khoury - A. Wright – A. Mathur .

17:30 End of 1st Day

19:30 Gala Dinner

2ND DAY – Sunday the 8th of March 2009

Session 4 Moderators: M. Hobeldin – A.R. Mustafawi

8:30 Lecture: Urinary Diversion and Bladder Augmentation

Prof. Ghoneim

9:30 Round Table: Endoscopic Treatment of Urinary Incontinence

D. Bloom – D. Morgan - M. Patricolo

10:30 Coffe Break

Session 5 Moderators: W. Jaouni – A. Schubbar

10:45 Free Oral Presentations

10 minutes presentations

1 Urodynamic (cystometric) evaluation of boys with posterior urethral valves (PUV) .R.N. Goswami, Y.K. Sarin. Department of Pediatric Surgery, Maulana Medical College, New Dheli, India.

2 The prevalence od urinary incontinence.

K.S Al Busaidi, N.K. Briffa, J.R. Center. School of Physiotherapy, Curtin University of Technology, Perth, Australia.

3 Enuresis service at Croydon Primary Care Trust.

J. Al-Dahhan, D. Das Gupta, I. Johnston, F. Igbagiri, P. Ramaswamy, K. Swan. Children's Medical Services, Croydon Primary Care Trust, UK.

4 Supporting children who require catheterization in schools.

J. Rogers, PromoCon, Manchester, UK.

5 Evaluation of Urinary and Fecal Continent Stomas. C. Shimcke, M.Ardelean, B. Ludwikoski, G.Shimpl. Depat. Pediatric Surgery, Paracelsus Medical University, Salzburg, Austria.

**1st UAE International Meeting on Diagnosis and Treatment
of the Neurogenic Bladder in Children and Adolescents
7th – 8th March 2009**

Sheikh Khalifa Medical City, Abu Dhabi, United Arab Emirates

2ND DAY – Sunday the 8th of March 2009

Moderators: D.Morgan - S.Alouni

11:30 Lecture: Surgical Strategies in the Neurogenic Bladder in Children

I. Mushtaq

12:00 Lecture: Botulin toxin A in the Management of the Neurogenic Bladder in Children and Adolescents

M. De Gennaro

12:30 Lunch Break and Prayers

Session 6 Moderators: H. Matta – S. Alouni

13:15 Lecture: Future Perspective of Bladder Augmentation: The Role of Experimental and Clinical Research

T. Khoury

13:45 Lecture: Neurosurgical Aspects

D. Venne

14:05 Lecture: Orthopedic Aspects

M. Letts

14:25 Round Table: Bladder Neck Surgery in the Neurogenic Bladder

T.Khoury – M. De Gennaro – I. Mushtaq – B.Galifer

**1st UAE International Meeting on Diagnosis and Treatment
of the Neurogenic Bladder in Children and Adolescents
7th – 8th March 2009
Sheikh Khalifa Medical City, Abu Dhabi, United Arab Emirates**

2ND DAY – Sunday the 8th of March 2009

15:30 Free Oral Presentations

Moderators: W. Jaouni – A. Schubbar

5 minutes (4 slides) presentations

- 1 PromoCon – Improving care for children with continence problems. June Rogers MBE, PromoCon, Manchester, UK.
- 2 Restoration of micturition in children after posterior urethral valve's incision. Z. Sabirzianova, I. Kazanskaya. Moscow Scientific Research Institute of Pediatrics and Pediatric Surgery.
- 3 Daily Voiding Registration in Children. Z. Sabirzianova, I. Kazanskaya. Moscow Scientific Research Institute of Pediatrics and Pediatric Surgery.
- 4 Intravesical administration of botulin toxin A with electromotive drug delivery method: an animal model. A.K. Zadeh, H. Ahmadi, L.M. Kouhsari, R.T. Vash, N. Baradaran, M.M. Zadeh. Pediatric Urology Research Center, Children Medical Center, Medical Sciences/University of Teheran, Iran.

10 minute presentations

- 1 Effect of pelvic floor interferential electrostimulation on urodynamic parameters and incontinence of children with myelomeningocele and detrusor overactivity. A.M. Kajbafzadeh, N. Baradaran, L. Sharifi, N. Baradaran, L. Montaser. Pediatric Urology Research Center, Children Medical Center, Medical Sciences/University of Teheran, Iran.
- 2 The intravesical instillation of propiverin and oxybutinin in the treatment of bladder dysfunction in children – preliminary results. Z. Dite, J. Molcan, M. Janu, R. Kocvara, J. Sedlacek, J. Dvoracek. Charles' University Hospital, Department of Urology, Prague, Czech Republic.

16:15 Video-Presentation: "Bladder reconstruction with gastric patch".

Dr. Gabriel Ionescu

**1st UAE International Meeting on Diagnosis and Treatment
of the Neurogenic Bladder in Children and Adolescents
7th – 8th March 2009**

Sheikh Khalifa Medical City, Abu Dhabi, United Arab Emirates

2ND DAY – Sunday the 8th of March 2009

16:30 Free Oral Presentation:

Moderators: G. Ionescu – AB Mathur

5 minutes (4 slides) presentations

1 Vessel graft sling in the treatment of urinary incontinence due to sphincteric incompetence in children: preliminary report. S.Hajebrahimi, S. Kazem Madaen. Urology Department, Tabriz University of Medical Sciences, Tabriz, Iran.

2 Laparoscopic antegrade continence enema (ACE) procedure in children with myelodysplasia: preliminary report. H. Badawy, A. Eid, A. Saad, M. Youssef, S. Elsalmy, A. Hanno. Section of Pediatric Urology, Department of Urology, University of Alexandria, Egypt.

10 minute presentations

1 Intradetrusor injection of botulinum-A toxin; is it the magic needle for children with refractory neuropathic bladder?

K.F. Neel, M. Salem, H. Alhazmi, A. Baha. College of Medicine, King Saud University, Department of Surgery, Riyadh, Saudi Arabia.

2 Total endoscopic and anal irrigation management (TEAM approach) of children with non-compliant neuropathic bladder: a good alternative way management. K.F. Neel, M. Salem, H. Alhazmi, A. Baha. College of Medicine, King Saud University, Department of Surgery, Riyadh, Saudi Arabia.

3 Cystoplasty in children: review of indication, intermediate results and complication. F. Kazemi Rashed, M. Amjadi, S. Aslanabadi. Division of Pediatric Urology, Urology Department, Imam Reza Hospital, Medical Science University of Tabriz, Tabriz, Iran.

4 The utility of serous lined extramural conduit implantation in pediatric augmentation cystoplasty with continent cutaneous diversion. S.M. Soliman. Division of Pediatric Surgery, Department of Surgery, Children's Hospital of Ain Shams University, Cairo, Egypt and Division of Pediatric Urology, Department of Surgery, King Khalid University Hospital, Riyadh, Saudi Arabia.

5 Application of Intravesical Injection of Botulin Toxin A in Pediatric Urology. C. Schimke, M. Ardelean, B. Ludwikoski, G. Schimpl. Dept. Pediatric Surgery, Paracelsus Medical University, Salzburg, Austria.

17:30 End of International Meeting

**1st UAE International Meeting on Diagnosis and Treatment
of the Neurogenic Bladder in Children and Adolescents
7th – 8th March 2009
Sheikh Khalifa Medical City, Abu Dhabi, United Arab Emirates**

2ND DAY – Sunday the 8th of March 2009

13:45: Parallel Workshop: Role of Botulinim Toxin in the Management of Spasticity

Chairman: Dr S.A. Wasti

14:15 Role of Posture the Management of Spasticity

A. Wasti

14:45 Putting the Toxin in The Right Spot

A.Ward

15:15 Use of Botulin Toxin A in Children with Cerebral Palsy: Have We Perfected the Use Yet?

K.Mohamed

15:45 Discussion

16:15 End of Workshop

19:00 Farewell Cocktail
